Continuation of Substance of Interview including description of the general nature of what was discussed: This case is a 371, national stage filing of a PCT application. The Application Data Sheet and Oath/Declaration containing a claim of benefit to PCT/US03/35268. However, the specification, drawings, abstract, and claims in the case file are from PCT/US01/10482. This discrepancy was determined to be an internal PCT transmission error and the matter is presently being corrected such that the specification, drawings, abstract, and claims from PCT/US03/35268 are being entered of record and the unrelated PCT/US01/10482 records will be expunged. Applicant is encouraged to check the file history for additional problems, if any, and to make sure that the sequence listing related to PCT/US03/35268 is properly entered. If Applicant notes problems with the correct sequence listing entry, Applicant should contact the Examiner immediately, so that the proper sequence listing (electronic format and/or written format) may be entered and Applicant may be afforded the appropriate date entry for the sequence listing. Applicant is advised that a separate electronic sequence submission may need to be mailed in or transmitted to the PTO in order to complete the record. If this becomes necessary, Applicant is strongly encouraged to submit a statement at the time that the electronic sequence submission is filed, stating that it is identical in form and content to that contained in the parent PCT/US03/35268, that no new matter has been added, and that the transmission is being done to complete the record resulting from an error in the PCT parent data transmission to the 371 national stage entry of PCT/US03/35268. Applicant is encouraged to contact the Examiner if there are any other problems, concerns, or issues related to correcting the record of the parent PCT transmission in the case.

It is not necessary for Applicant to provide a separate record of the substance of the interview, as the matter has been resolved.

A handwritten signature in black ink, appearing to read "Cheryl Woodward", is written diagonally across the lower right portion of the page.
